PROFESSIONAL SUMMARY

Aspiring ML Engineer with practical experience in Machine Learning and hands-on exposure to developing ML projects. Strong problem-solving skills with a keen interest in applying Machine Learning concepts to real-world challenges. Eager to contribute, learn and grow in a technology-driven environment.

EDUCATION

Bachelor of Technology in Data Science 2024 - 2027
Galgotias College of Engineering & Technology, Greater Noida
SGPA : 7.81

Diploma in Electrical & Instrumentation Engineering 2021 - 2024
Aligarh Muslim University , Aligarh
CPI : 9.16

SKILLS

Programming Skills	Python, SQL, HTML, CSS, Java
Data Science and ML	ML, Statistics, Data Preprocessing, Model Evaluation, Model Training
Libraries and Frameworks	Scikit-learn, NLP, Pandas, Numpy, Matplotlib
Tools	Jupyter Notebook, Google Colab, VS Code, Git & GitHub
Soft Skills	Leadership, Communication, Time Management, Problem Solving

PROJECTS

Movie Recommendation System : Live Demo
Built a content-based movie recommendation system that suggests similar movies based on user selected titles using textual metadata such as genre, cast and overview.

- Performed data pre-processing and feature extraction.
- Implemented similarity scoring using cosine similarity for accurate recommendations.
- Designed an intutive Streamlit interface for seamless user interaction.

Laptop Price Prediction : Live Demo
Developed a machine learning model to predict laptop price based on hardware specifications such as brand, processor, RAM, storage and GPU.

- Performed data cleaning, pre-processing and feature engineering on raw dataset.
- Trained and evaluated regression models to improve prediction accuracy.
- Designed a Streamlit interface for seamless user interaction.

ACHIEVEMENTS

- Solved 300+ DSA Questions on LeetCode and GeeksForGeeks
- Participated in Smart India Hackathon

CERTIFICATIONS

- Scaler SQL for Beginners.
- Microsoft Excel Beginners to Advance
